Rates and Charges for Water and Sewer Services

Ref: Lake Wylie Community Utilities, Inc. Letter of February 9, 2005.

We recognize that costs in general have increased over time and that an increase to provide water and sewer services for our community may be in order, however, we the undersigned residents (most of whom are retired) of Lake Wylie Mobile Home Park take exception to a cost increase of 250% (from \$20.00 to \$70.00.) We feel the proposed increase goes well beyond what could be determined as reasonable and hereby request that the full cost be reduced.
